### FROM THE DATABASE COORDINATOR

Lyris is working hard to get **discounted group quotes for us from approximately 50 different vendors**. See below for instructions on accessing specific information, which will be available next week.

We have a new offer from **BMJ for hospital, medical school, and academic libraries**. It includes journals as well as clinical resources for physicians.

In this issue, we are highlighting a few of the resources in **TEL** that all Tennessee libraries get for FREE!

Our picture this week is the Volpe Library at Tennessee Tech University, home of David Hadjik, Academic Library Representative to the Tenn-Share Board, and Deanna Nipp-Kientz, Membership Coordinator.

### LYRISIS GROUP PRICING

Lyris has received group quotes from 15 vendors and requested quotes from 30 more. Specific information on the discounts will appear sometime next week on a secure, members-only section of the Tenn-Share web site.

To register for access to these pages:

1. Go to <http://www.tenn-share.org/user/register>
2. Fill out the form and submit.
3. When your access is approved, you will receive an email notification.
4. Access the Members' Database Page at <http://www.tenn-share.org/resources/members>.

Beat the rush and register today!

password: tennsh

The **BMJ Journals Collection** at <http://journals.bmj.com> – A diverse collection of top specialty and evidence-based journals, all of which have individual websites and full-text hosted by HighWire Press. Your subscription includes access to the latest research with the Online First feature, as well as unique online tools like Powerpoint slides available to download, a browsing by topic function, and access to an extensive online archive.

See Title List: [http://www.tenn-share.org/sites/default/files/BMJ\\_Journals.xls](http://www.tenn-share.org/sites/default/files/BMJ_Journals.xls)

**bmj.com** at <http://bmj.com> - Our flagship online journal, bmj.com is an international weekly medical journal for doctors, providing thought-provoking and intelligent treatments of major health issues. Our award winning website provides almost one million users per month with access to original scientific research and selected past BMJ journal articles.

**BMJ Clinical Evidence** at <http://clinicalevidence.bmj.com> - An international compendium of the best available research and evidence on the treatment of various medical conditions. Launched in 1999, BMJ Clinical Evidence remains the gold standard in evidence-based synopses on the effectiveness of common clinical interventions. It is used by over 1 million clinicians worldwide, including 500,000 physicians in the U.S. Read the brochure:

## FREE DATABASES: TEL RESOURCES

There are so many different parts of TEL available to us now, don't forget the following:

If you work with kids: **School Grade Level Resources** – Sue Maszaros has compiled not only the age-appropriate parts of TEL into one handy list, but also includes selected web sites covering Tennessee History and other resources.

<http://tntel.tnsos.org/browse.php?browse=grades>

If you work with teachers or future teachers: **Educator and Librarian Resources** – Journals, reports, and reference resources covering all areas of Education.

<http://tntel.tnsos.org/educators.htm>

For everyone: **Information Science and Library Issues Collection** – Full-text of many leading journals for librarians and information scientists, including *Library Journal*, *Teacher Librarian*, and *Computers in Libraries*.

Use the “Educator and Librarian Resources” URL above and scroll to the bottom.

And for more news on new and nifty TEL resources, keep up with the **TEL blog**:
