### TCPP DISCOUNTS ANNOUNCED

The Tennessee Consortial Purchase Project has the following Phase Two discounts to announce. The pricing was negotiated by Lyrisis, and all invoicing will be done by Tenn-Share.

Please keep in mind that the pricing listed for the products below is initial pricing. If a number of new subscribers are interested in a particular purchase, Lyrisis can sometimes renegotiate a larger discount. So be sure to express interest in products, even if the pricing is a little high. A list of interested libraries will be added to the product's web page, so you can see which of your colleagues want to subscribe.

Pricing was determined for the library type most likely to use the resource. If you want a quote for a product listed under another library type, just let me know at [databases@tenn-share.org](mailto:databases@tenn-share.org).

The pricing, trials, and other information are linked from <http://www.tenn-share.org/resources/databases>. Information on the following databases is available:
