### From the Database Coordinator

I hope everyone is enjoying our break from winter after the cold and snow. Our intrepid leader, Penny Frere (Executive Director), has been globetrotting the last few weeks and sent us this picture of the very sunny and warm National Library of Chile.

We are continuing work on a new slate of Spring offers for you all. If you have specific resources that you'd like to see discounts for, please contact me or a member of the Tenn-Share Electronic Resources Committee (TSERC).

The Electronic Resources Committee has agreed upon specific timelines for Spring and Fall discount offers. We hope the timelines will make our work more efficient and make it easier for libraries and vendors to plan their group purchases. The timeline for Spring is:

Spring purchases (contract start July 1)  
Nov 1-Mar 15 TSERC considers various products  
Feb 1-Apr 15 Negotiations with vendors/let member libraries know the products being worked on  
Mar 15-Apr 15 Pricing/discounts offers to member libraries  
June 15 Order Deadline  
July 1 Contract start

One of our new offers for spring is SwetsWise discounts on the World eBook Library, with more Swets products under consideration as well. See below for details.

Also, note that Tenn-Share has a new U.S. Mail address. Please let your business offices know that invoice payments should now go to:  
PO Box 331871  
Nashville, TN 37203-7517

The featured free database is *Eyewitness to History*, a treasure trove of primary sources.
