From the Database Coordinator

Hello all! I hope you all are having a good summer. We have more database deadlines coming up which I hope you will check out! **July 1st** is the deadline for letting me know if you're interested in taking advantage of the **IOP offer** (see below).

Monday, June 25th is the deadline for **Thieme Medical** products, and for **Library Thing for Libraries**, which provides a mobile interface to your catalog and other catalog enhancements like user reviews.

Gorlet, which offers name-your-own-price access to **Linkword**, their language learning product, is on going, and our renewal for **STAT!Ref Nursing** is coming up soon.

Our free resource this week is National Jukebox from the Library of Congress.

Our picture showcases the Barret Library at Rhodes College.

Gorlet

Tenn-Share is working with Gorlet, a new company in the language learning software field, to provide TN libraries with access to their language learning product, Linkword. This product is being offered on an "Open Services Access" model, which basically allows libraries to pay whatever amount they think the product is worth. All the details are here: <http://www.tenn-share.org/node/540>

All you have to do to get access to this product is to sign-up here: <http://www.tenn-share.org/node/563>. Please have your IP range handy and the amount you want to pay in mind.

If you pay a minimum amount (outlined here: <http://www.tenn-share.org/node/542>), you can also receive bonus access to either one or two additional products from Gorlet, ESL (English as a

Second Language) or Speed Reader X.

This is a great opportunity to take advantage of. Please sign up! You won't get a much better deal than "name you own price!"
