

TennShare Workshop Report
September 4, 2008
Submitted by Tricia Bengel/Susan Earl

Learn and Discover has been a resounding success!

327 people signed up to participate and 92 completed all 8 tasks. MP3 players, funded by a generous donation from Overdrive, will be awarded to all who completed. Participants are now discussing the best ways they can continue interacting with the Learn and Share community online and a group of folks are going to meet at the Sheraton Lounge after the Volunteer Voices gala on September 11.

It was decided to leave the Ning up with a note saying that there will be no new posts added that users must complete to win prizes and that all prizes have been awarded. You may view the Ning at <http://tennshare.ning.com/>

Special thanks to Jenny Ellis, Kyle Cook, James Staub and Sue Maszaros who wrote all of the lessons.
